

FOR IMMEDIATE RELEASE

**Skyline Genesis Event Marketing Expands To A
New Office in New York City**

New York, April 17, 2009 – Skyline Genesis Event Marketing, authorized New York based dealer for Skyline Exhibits, opened its new Design Center in Manhattan near Penn Station in late September 2008.

This new office is conveniently located at 494 8th Avenue (corner of 35th Street); it features on-site design and account management. “Our design center features the latest in portable and modular exhibit systems, but that’s only part of the story,” says Glenn Diehl, President of Skyline Genesis Event Marketing. “We also support our clients with larger custom exhibit solutions, on-line management tools, exhibit staff training and logistical support.”

Skyline Genesis Event Marketing still maintains its New Jersey Operations Facility in Secaucus where it executes over 3,000 show events a year in support of its Exhibit Management program clients. “Clients want seamless transactions and turnkey support. In effect, we are a direct extension of the trade show department for many of our clients,” says Diehl. “Clients have more and more demands on their time and we’re prepared to take some things off their desk to help them produce positive results from their shows with less stress.”

Skyline Genesis is known for their high quality products, great design, cost-saving portability and innovative solutions. To learn more, visit <http://www.skylinegenesis.com>
